Boat models

Pioner 8 Mini

The children's first boat. The boat requires incredibly little maintenance. Suitable as a dinghy or for transporting on the car roof to access new boating adventures.

Pioner 11 Easy

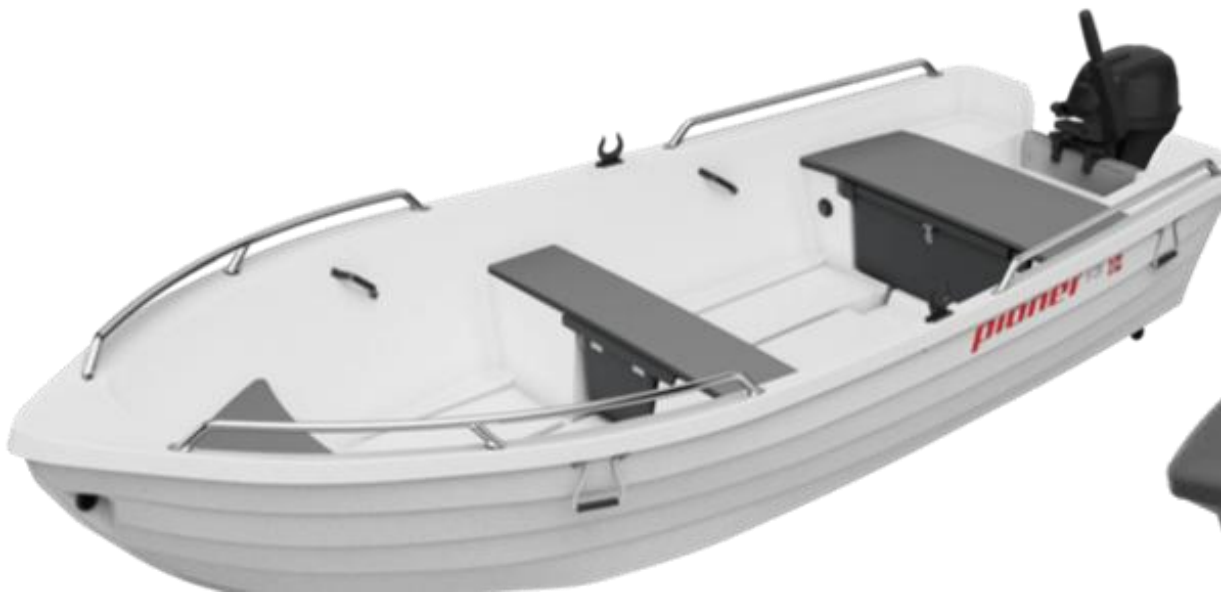

The perfect rowboat that is easily manoeuvred. Pioner 11 Easy is designed for an electric motor, providing all the conditions for a very comfortable boat trip.

Pioner 12 Maxi

A versatile and safe boat. It's self-draining, easy to plane, very stable, and robust.

Boat models

Pioneer 13

The traditional rowboat. Sturdy, stable and user-friendly – the Pioneer 13 makes boat ownership easy.

Pioneer 14 Active

Pioneer 14 Active is one of our bestsellers. It combines classic lines and good driving comfort with modern details and a stylish finish. A small boat with plenty of space.

Pioneer 15 Allround

A highly popular family leisure boat. Here, you get an affordable and versatile boat suitable for simple day trips, fishing, and excursions. An easy-to-handle boat for everyone.

Boat models

Pioner 16 Explorer

Pioner 16 Explorer bridges the gap between a typical day cruiser and a small boat, firmly establishing itself among the smaller console boats and leisure boat.

Pioner 16 Bowrider

Pioner 16 BR combines the best of two worlds: the robustness of a workhorse and the comfort of a modern leisure boat. With a social zone in the bow and improved seating comfort, you get more out of every moment on the water..

Boat models

Pioneer 16 Explorer

Pioneer 16 Explorer bridges the gap between a typical day cruiser and a small boat, firmly establishing itself among the smaller console boats and leisure boat.

Pioneer Multi III

It's all in the name. The Pioneer Multi has such a clever and versatile design that its applications range from emergency boat to fishing boat to diving boat. Professional seafarers love this model, which offers a wide selection of optional features and a loading capacity of 1122 kg.*

Pioneer TRIO

The boat that brings the holiday feeling! Fun and robust pedal boat. A favorite at the campsite for play, fun, and activity.

Steady by Pioner boat models

260 Steady by Pioner

Large load capacity and stability make this model equally suitable as a dinghy for adults as well as a favorite boat for children and teenagers.

320 Steady by Pioner

320 Steady by Pioner is a robust, safe, and stable boat for children, youth, and adults alike. Often used by rescue organizations.

400 Steady by Pioner

One of the market's most versatile, stable, and seaworthy small boats. Widely used as a workboat, including in fish farming and marinas. Excellent load capacity.

Benefits

Safe and easy boating with Pioneer

MINIMAL MAINTAINANCE

Pioneer boats are able to deal with rough treatment and handling. They are user friendly and in need of minimal maintainance

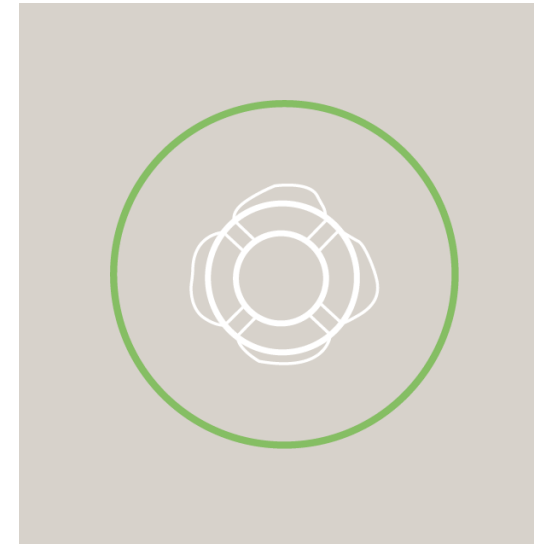

LONGEVITY

Pioneer boat hulls are rotational molded in one single piece, making them very tough, with few to none residual stresses. They are produced in high quality PE material containing UV-stabilizers. All this make the Pioneer boats highly capable of withstanding shocks and impacts, cold, high temperatures and sunlight.

STABILITY

The construction and design of the Pioneer boats, make for a stable and sturdy, which provide high safety. With their double hull construction, they obtain great bouyancy and a smooth ride in the waters.

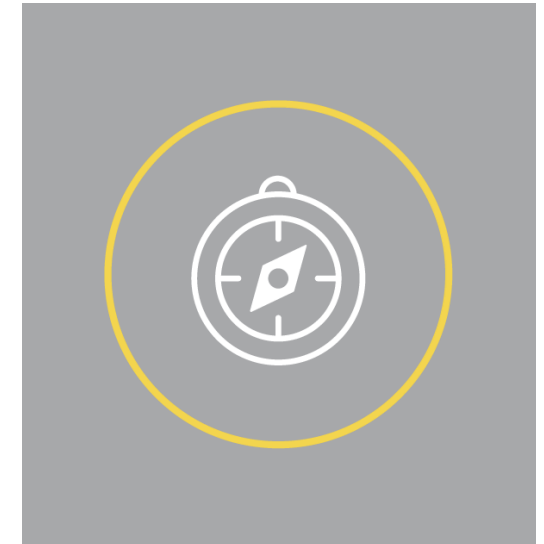

SAFETY

Pioneer boats are certified and CE-marked in accordance with the Recreational craft EU Directive. All our boat models, as well as our production, are tested and supervised by a Notified Body as the third part. Combined with high professional competence, we are securing high quality boats!

DRAINAGE

Unique self-draining system.

COMFORT

No sharp egdes, comfy seatings, well though trthough solutions, anti-skid surfaces. A Pioneer boat is a pleasant boat to take to the waters.
